Report of Independent Registered Public Accounting Firm

The Board of Directors
Weston Securities Corporation:

We have audited the accompanying statement of financial condition of Weston Securities Corporation (a wholly owned subsidiary of Washington Trust Bancorp, Inc.) (the Company) as of December 31, 2010, and the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities and Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Weston Securities Corporation as of December 31, 2010, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in schedules I, II, and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

WESTON SECURITIES CORPORATION
(A Wholly Owned Subsidiary of Washington Trust Bancorp, Inc.)

Notes to Financial Statements

December 31, 2010

(1) Operations and Organization

Weston Securities Corporation (WSC or the Company), organized as a Massachusetts corporation on August 14, 1984, became a wholly owned subsidiary of Washington Trust Bancorp, Inc. (WTB) on August 31, 2005, and was previously a wholly owned subsidiary of Weston Financial Group, Inc. (WFG). In the same transaction, WFG also became a wholly owned subsidiary of The Washington Trust Company (WTC). In 2005, the Company changed its fiscal year-end from August 31 to December 31 to align with WTB.

WSC is a registered broker/dealer under the Securities Exchange Act of 1934 (Exchange Act of 1934) and a member of the Financial Industry Regulatory Authority (FINRA) – formerly the National Association of Securities Dealers, Inc. (NASD) and Securities Investors Protection Corporation (SIPC), and is involved in the distribution of Mutual Funds, Variable Annuities, Variable Life and 529 plans. WSC serves primarily as the principal underwriter and distributor of five affiliated mutual funds and distributes these funds predominately to clients of WFG. Certain of the officers and trustees of WSC and the affiliated funds are also officers and directors of WFG, WTB, and WTC.

(2) Summary of Significant Accounting Policies

(a) Cash and Cash Equivalents

Cash represents moneys held in a bank account under normal commercial terms. Investments in money market funds are considered to be cash equivalents. Such investments are carried at cost, which approximates fair value.

(b) Goodwill

Goodwill represents the excess of the purchase price over the fair value of net assets acquired. Goodwill is tested for impairment at least annually in accordance with the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 350-20, *Goodwill*. The goodwill impairment test is a two-step test. Under the first step, the fair value of the reporting unit is compared with its carrying value (including goodwill). If the fair value of the reporting unit is less than its carrying value, an indication of goodwill impairment exists for the reporting unit and the enterprise must perform step two of the impairment test (measurement). If the fair value of the reporting unit exceeds its carrying value, step two does not need to be performed. Under step two, an impairment loss is recognized for any excess of the carrying amount of the reporting unit's goodwill over the implied fair value of that goodwill. The implied fair value of goodwill is determined by allocating the fair value of the reporting unit in a manner similar to a purchase price allocation, in accordance with FASB ASC 805, *Business Combinations*. The residual fair value of this allocation is the implied fair value of the reporting unit goodwill. Fair value of the reporting unit is determined using a discounted cash flow analysis.

For the year ended December 31, 2010, the Company performed its annual impairment review of goodwill and concluded that there was no impairment during the year.

WESTON SECURITIES CORPORATION
(A Wholly Owned Subsidiary of Washington Trust Bancorp, Inc.)

Notes to Financial Statements

December 31, 2010

(c) Revenue

The Company earns revenue from the following sources: Rule 12b-1 Fees received directly from New Century Portfolios (NCP) and mutual funds held by NCP, a Sales Agreement with The Park Insurance Agency, Inc. (Park) (an underlying Related Party), and Variable Annuity Trailers. Additionally, the Company receives commissions from the sale of Variable Annuities, 529 Plans, and Variable Life Insurance Policies. Revenue is recorded as it is earned.

(d) Income Taxes

The Company will file its 2010 federal and state income tax returns for the year December 31, 2010 on a consolidated basis with its parent, WTB. The Company is subject to a written tax-allocation agreement, which allocates the Company's consolidated tax liability for payment purposes. Federal and state income taxes are calculated using the pro rata method.

Income taxes are calculated and are recorded in the Company's results of operations based upon the application of FASB ASC 740, *Income Taxes*. The Company follows the asset/liability method of accounting for income taxes. Deferred income taxes are recognized for the future tax consequences of differences between the tax basis of assets and liabilities and their financial reporting amounts at each year-end, based on enacted tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to an amount which is more likely than not realizable. Income tax expense is the sum of the taxes currently payable and the change during the period in deferred tax assets and liabilities. For the years ended December 31, 2010 and 2009, the Company had no temporary tax differences and, as a result, had no deferred income taxes.

According to the uncertain tax position provisions of FASB ASC 740, *Income Taxes*, the Company is permitted to recognize the tax benefit of uncertain tax positions only when the position is more likely than not to be sustained upon examination by the tax authorities based on the position's technical merit. The amount recognized is that which represents the amount of tax benefit that has a greater than 50% likelihood of being ultimately realized upon settlement. It further requires that a change in judgment related to the expected ultimate resolution of uncertain tax positions be recognized in earnings in the period of change. As of December 31, 2010 and 2009, the Company did not have any liabilities for any uncertain tax positions. The prior three tax years remain open to examination by the major jurisdictions in which the Company is subject to tax.

(e) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of income and expenses during the period. Actual results could differ from these estimates.

(3) Goodwill

Goodwill represents the amount allocated to the Company following WTB's purchase of WFG.

WESTON SECURITIES CORPORATION
(A Wholly Owned Subsidiary of Washington Trust Bancorp, Inc.)

Notes to Financial Statements

December 31, 2010

(4) Revenue Concentration

The Company's 12b-1 revenue, which comprises 63% of total revenues, is the result of a Distribution Agreement with NCP. Commission revenue, which comprises 25% of total revenues, is earned as the result of placing insurance and other variable contracts for Park. The remaining 12% of revenue is earned through a Sales Agreement with Park (see note 5). The Company may be subject to greater risk due to the concentration of revenue from a small number of sources.

(5) Related-Party Transactions

The Company entered into a Sales Agreement with Park, a wholly owned subsidiary of WFG, under which Park pays to the Company 70% of total commissions earned on sales of insurance products. For the year ended December 31, 2010, the Company earned \$182,385 under this Sales Agreement, \$29,651 of which was a receivable at December 31, 2010.

The Company also has an Administration Agreement with WFG, a wholly owned subsidiary of the Company's sister subsidiary, WTC, under which WFG provides the Company with management, administrative facilities, and services, including the use of WFG personnel. For the period January 1, 2010 through December 31, 2010, the Company paid 15% of specified employee-related costs and 8% of specified occupancy-related costs incurred by WFG, and 11.5% of the Intercompany Management Fee between WFG and WTC. For the year ended December 31, 2010, the Company incurred expenses related to this Administration Agreement in the amount of \$794,884, of which \$65,096 is owed to WFG at December 31, 2010.

The Company files federal taxes on a consolidated basis with WTB. During the year, the Company made \$95,500 in payments to WTB for taxes. At year end, the Company owed \$79,883 to WTB for its tax liability.

(6) Income Taxes

The provision for income taxes is presented below:

Federal	\$	90,471
State		<u>10,529</u>
Total income tax expense	\$	<u><u>101,000</u></u>

WESTON SECURITIES CORPORATION
(A Wholly Owned Subsidiary of Washington Trust Bancorp, Inc.)

Notes to Financial Statements

December 31, 2010

The reconciliation of federal income tax at the statutory rate to the effective income tax rate is presented below:

	<u>Amount</u>	<u>Percentage of pre-tax income</u>
Tax at federal income tax rate	\$ 93,995	35.0%
Tax at state income tax rate	6,844	2.6
Other	161	0.1
Total income tax expense	<u>\$ 101,000</u>	<u>37.7%</u>

On July 3, 2008, the Commonwealth of Massachusetts enacted a law that included reducing the tax rate on net income applicable to financial institutions and requiring combined income tax reporting. The rate will be reduced from the current rate of 10% for 2010 to 9.5% for 2011, 9.0% for 2012 and thereafter. The Company files federal and state income tax returns on a consolidated basis with its parent, WTB.

(7) Net Capital Requirements

The Company is subject to the U.S. Securities and Exchange Commission (SEC) Uniform Net Capital Rule (SEC Rule 15c3-1), whereby the Company is required to maintain minimum net capital (as defined) of \$25,000, and the ratio of aggregate indebtedness (as defined) to net capital, shall not exceed 15 to 1 or 6 2/3%. FINRA provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and the related ratio of aggregate indebtedness to net capital may fluctuate on a daily basis. At December 31, 2010, the Company had net capital of \$559,422, which was \$534,422 in excess of its required net capital of \$25,000. The Company's ratio of aggregate indebtedness to net capital as of December 31, 2010 was 0.31 to 1. See schedule I.

(8) Exemption from Rule 15c3-3

The Company operates pursuant to the exemption provisions of (k)(1) under Rule 15c3-3 of the Securities Exchange Act of 1934, (reserve requirements for brokers and dealers) in that the Company does not hold funds or securities for customers and promptly transmits all funds and delivers all securities in connection with its activities as a broker or dealer. See schedules II and III.

(9) Commitments and Contingent Liabilities

(a) Off Balance Sheet Risk

The Company engages in the business of a broker/dealer in securities as described in note 1. The inherent risk of this business is the ability of the Company to properly execute all customer initiated transactions. As of December 31, 2010, Management of the Company believes that all customer initiated transactions have been fully executed by the Company.

WESTON SECURITIES CORPORATION
(A Wholly Owned Subsidiary of Washington Trust Bancorp, Inc.)

Notes to Financial Statements

December 31, 2010

(b) *Litigation*

From time to time in the normal course of business, the Company may be involved in various claims and lawsuits. Management of the Company believes that there is no pending or threatened litigation that will result in any material adverse effect on the Company's financial condition as of December 31, 2010.

(10) Subsequent Events

Pursuant to ASC 855, the Company evaluated all subsequent events through February 21, 2011, which coincides with the date the financial statements were available to be issued.

Schedule I**WESTON SECURITIES CORPORATION**
(A Wholly Owned Subsidiary of Washington Trust Bancorp, Inc.)Computation of Net Capital Pursuant to
Rule 15c3-1 of the Securities Exchange Act of 1934

December 31, 2010

Capital – stockholder’s equity	\$	980,604
Deductions – nonallowable assets:		
Fees and commissions receivable		(135,914)
Receivable from affiliate		(29,651)
Prepaid expenses		(102,926)
Goodwill		(150,000)
Haircut on cash equivalents		<u>(2,691)</u>
Net capital		<u>559,422</u>
Aggregate indebtedness		175,221
Minimum net capital requirement of broker or dealer (the greater of 6 2/3% of aggregate indebtedness, as defined, or \$25,000)		<u>25,000</u>
Excess net capital	\$	<u><u>534,422</u></u>
Ratio of aggregate indebtedness to net capital		0.31 – 1

A reconciliation with the Company’s computation (included in Part II of Form X-17A-5 as of December 31, 2010) is not necessary since there was no material difference between the Company’s computation of net capital as included in Part II of Form X-17A-5 as of December 31, 2010 and that of the information included herein.

See accompanying independent auditors’ report.

WESTON SECURITIES CORPORATION
(A Wholly Owned Subsidiary of Washington Trust Bancorp, Inc.)

Computation for Determination of Reserve Requirements
under Rule 15c3-3 of the Securities Exchange Act of 1934

December 31, 2010

The Company operates pursuant to the exemptive provisions of paragraph (k)(1) under Rule 15c3-3 of the Securities Exchange Act of 1934 (Customer Protection – reserve and custody requirements for brokers and dealers) in that the Company does not hold funds or securities for customers and it promptly transmits all funds and delivers all securities in connection with its activities as a broker or dealer.

Report of Independent Registered Public Accounting Firm

The Board of Directors
Weston Securities Corporation:

In planning and performing our audit of the financial statements of Weston Securities Corporation (a wholly owned subsidiary of Washington Trust Bancorp, Inc.) (the Company), as of and for the year ended December 31, 2010 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

The Board of Directors
Weston Securities Corporation

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2010, which were agreed to by Standard Stockbrokerage Co., Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., SIPC and [other designated examining authority or specified parties of report], solely to assist you and the other specified parties in evaluating Weston Securities Corporation's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Weston Securities Corporation's management is responsible for the Weston Securities Corporation's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- a. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries noting no differences;
- b. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2010, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2010, noting no differences;
- c. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers noting no differences. There were no adjustments;
- d. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences; and
- e. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7T on which it was originally computed noting no differences (not applicable).

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The Board of Directors
Weston Securities Corporation
